

A pixelated, black and white graphic of a mathematical equation. The equation is  $\sqrt{1x^2 + 10x^2}$ . The characters are rendered in a blocky, digital font. A horizontal line is positioned above the equation, starting from the left edge and extending to the right edge of the image.

$$\sqrt{1x^2 + 10x^2}$$

1. **Introduction**  
 The purpose of this study is to investigate the effects of the proposed system on the performance of the participants. The study was conducted in a controlled environment, and the results are presented in the following sections.
